

## SJR 1500 REEL STAYING POWER

Rear-Reel Operation

Durable Steel Water Tank

Available Split-Monitor System

- Rear-reel operation
- 1,500 gallons of fresh water
- Water pumps offering 50 to 80 GPM and 2,000 to 3,000 PSI
- Water system weatherization options

# SJR 1500 CAPACITIES AND CAPABILITIES

### WATER TANK

- 1,500-gallon fresh-water capacity
- Cylindrical design
- ¼" A-36 steel
- Limited Lifetime water tank warranty

### WATER SYSTEM

- Triplex run-dry water pump, 50 GPM and 3,000 PSI, 65 GPM and 2,000 PSI, or 80 GPM and 2,000 – 2,500 PSI
- Pump is belt driven from OMSI transfer case
- Pressure & flow managed by continuously adjustable unloader
- Water pump controls located on both control panel and wireless remote
- Water pump air purge valve
- Air blowout for winterization
- 2" water fill line with anti-siphon device and a 2 ½" coupling
- Electronic water level display
- Fill hose storage basket

### HOSE REEL SYSTEM

- Attached to rear of tank
- Hydraulically articulated 180° street to curb rotation
- Rotation directed via electric/hydraulic controls
- Up to 800' of ¾" or 1" hose available
- Analog and digital footage counters available
- Manual and automatic hose level winders available

### CONTROL PANEL

- Convenient rear-reel-adjacent controls
- Controls located within NEMA 4 weatherproof enclosures
- Standard E-Stop in both locations
- PTO and water pump hour meters
- 12 Volt outlet

### WIRELESS REMOTE CONTROL

- Multifunction remote with backlit LCD displays controls hose reel, water pump, and engine throttle
- In-cab charge station

### LIGHTING

- LED DOT lighting with 2-light rear module assembly, clearance lamps, reflectors, and 3-light center marker
- Control panel lights

### STORAGE

- Standard full-length tool trays
- Optional side-mounted toolboxes

### OPTIONS & ACCESSORIES

- Low pressure gun and ½" x 35' hose assembly
- Lateral cleaning system with ½" x 200' hose on hydraulic reel
- Washdown system with ½" x 75' hose on spring reel
- Dual water tank fill system
- Back up camera system
- Dual-camera split monitor rear camera system
- LED arrow board top rear tank
- Light package with dual rear strobes, front strobe, and rear work lights
- Handheld LED spotlight
- Cold weather recirculation system
- Digital & analog hose counters
- Various nozzle configurations
- Nozzle guards for 4" to 21" pipe
- 25' and 50' hydrant fill hoses
- Custom unit paint
- Custom graphics
